HI-SCAN 6040i

The HI-SCAN 6040i is a newly designed, compact X-ray inspection unit with a tunnel opening of 620 mm (24") x 418 mm (16") (w x h). This tunnel size is ideally suited to the scanning of cabin baggage and other small items in areas with increasing security demands.

The HI-SCAN 6040i is part of the new ProLine system concept, which offers various possibilities of extension due to a modular, flexible system design.

Online image analysis methods to support the operator's work, and a new man-machine interface configured according to ergonomic aspects, are pointing the way to the future for this kind of system. New technique and a high degree of reliability make this system an excellent tool for covering sensitive areas of inspection.
