

SCANMAX 25

Reassurance for your staff

SCANMAX 25 cabinet X-ray scanner provides on the spot verification of unusual packages giving reassurance to all staff handling mail.

Compact and Easy to Use

The SCANMAX 25 is designed for easy use by non-technical staff. Combines a large inspection chamber with a slimline cabinet allowing you to examine volume mail, large parcels and briefcases in areas where space is at a premium.

Rapid Screening

Items are placed into the front loading inspection chamber and a single button action produces a clear image of the contents in seconds.

Image Enhancement

COLORSCAN model

- Automatic Image Enhancement
- Negative or inverse image option
- 8 x zoom
- 2 colour options for highlighting medium and high density objects

New high definition monitors (15" or 17") offer improved object recognition

Easy to use trackball mouse offers flexible control

Basic B/W model (black and white)

- Simple black and white image

Health and Safety

Scanmax X-ray scanners use very low level X-rays and conform to all published international Electrical Safety and Radiation Standards and are issued with a certified Radiation Safety and Test report.

X-ray Image Recognition

Basic Operator Training and X-ray image recognition charts can be provided.

Servicing and Support

Full maintenance and back-up support is available. Due to the nature of its design the Scanmax 25 has no conveyor or electrical moving parts that might require expensive servicing.

Know the contents of each package before you decide to open it.

Confirm if a package contains this harmless video cassette...

Or something more dangerous!!
